## Classic Credit Card

## SUMMARY BOX

The information contained in this table summarises key product features and is not intended to replace any terms and conditions.

** Interest is calculated on a daily basis on your actual daily balance. You will not pay interest on new purchases if you pay your balance in full and on time each month. If you have not paid your balance in full in the previous month, you may receive a further interest charge in the following month even if you have paid your balance in the current month in full.

Our interest rates (other than promotional rates) are linked to the Bank of England Base Rate (also known as Bank Rate). If the Bank Rate changes, we will change our standard rates by the same amount. We will show the new rate on your next statement.

## Allocation of Payments

If you do not pay off your balance in full, we will allocate payments to balances with the highest interest rate before balances with lower interest rates. There are some exceptions to this including the way we allocate payments to any instalment or PayDown plan. For further details, please refer to the 'How do we apply payments to the different balances?' section in your Credit Agreement.

## Minimum repayment

- The sum of interest, default fees and $1 \%$ of the full amount you owe (including the interest and default fees) as shown on your monthly statement, unless you owe less than $£ 5$, then the full amount you owe.
- If you only make this contractual minimum payment it will take longer and cost more to clear your balance and we may recommend you make extra payments or move all or part of your plan to a PayDown plan and/ or increase your contractual minimum payment.

## Credit Limit

Minimum credit limit

## £250

| Fees | No annual fee |  |
| :---: | :---: | :---: |
| Charges | Balance transfers (if available) | Up to 5\% of the amount of the transaction |
